About Me

Hey, nice to meet you! My name is Kevin G Lam! I am a graphic designer born and based in Montreal, Canada. I'm constantly searching for new opportunities that will help broaden my visual scope, hone my craft and love for design and grow as a human and designer. I also enjoy cooking and inventing new recipes, working out, watching anime/cartoons, writing poetry and gaming.

Whether it is to talk about design, potential jobs and projects or just to brainstorm about which herbs would work best in a recipe, I'd love to get to know you better and see what we could cook up together!
